

Loreen Wanlin

Loreen has been involved with our local since 2018, a Shop Steward for over 5 years, and currently our EA Shop Steward. She has been with the district since 2016, when she relocated from Kelowna. There she worked for years as a Behaviour Interventionist and served her union local as the Occupational Health and Safety Officer. A lifelong volunteer, she was a dedicated PAC executive mom and currently sits on the Board of Directors for London Farm Heritage Society. Always available to listen, with a strong focus on representing ALL members, worker health and safety, and protecting our Collective Agreement rights. Experience representing members and the desire to get the best results for ALL members make her a great candidate for the position of 2nd Vice President.
